

17 August 1973

STATOTHR

Dear [REDACTED] STATOTHR

Thank you for your letter of 2 August 1972 inquiring about employment opportunities in this Agency. I regret that opportunities for geographers at CIA at present are extremely limited. If you have an interest in employment in fields other than geography, I suggest you call the CIA recruiting officer at 351-3445. He will be able to discuss your specific qualifications with regard to present or anticipated job possibilities throughout the Agency.

Sincerely,

STATINTL

[REDACTED]
Acting Director
Basic and Geographic Intelligence
